

Rheedeia is planning a special issue on the angiosperm family Orchidaceae that has recently seen an increased interest in India and beyond. Rheedeia invites manuscripts covering all topics of Orchidaceae research, including but not exclusive systematics, phylogeny and taxonomy unrestricted to neo- or paleotropic areas.

Special issue editors: Daniel Geiger, Pankaj Kumar, Santhosh Nampy

The following deadlines are anticipated
(except date of publication, other dates are flexible to some degree).

Manuscript submission: from now to 31 March 2021

Review process: Finish by July 2021

Online publication: September 2021

**Special
Orchidaceae
Issue**
